Hamilton Hall

The university's residence hall is comprised of two wings of four floors each. Men reside on four floors; women on the other four. Each floor is a rectangle with twenty fully furnished rooms around the perimeter, eighteen for double occupancy and two for triple occupancy. Located in the center of each floor are study lounges, bathrooms, and shower rooms. Telephone service is provided in each floor lounge. Individual room telephones are available at student expense. The first floor also contains a lobby, a vending machine room, and a kitchenette. The ground floor has a recreation room, a meeting room, and a laundry room. Hamilton Hall is air-conditioned, adjacent to the University Center with its dining and recreational facilities, and has many adapted provisions for residents with physical handicaps.

Double-occupancy room

203 sq. ft.

University Apartments

The apartments consist of sixty-four two-bedroom units for four single students, and sixteen studio units for two single students. All apartments are fully furnished except for linens, towels, kitchen utensils, and dinnerware. All apartments are also air-conditioned and over half of the units are adapted (barrier-free) for rental to students with physical handicaps. Utilities are included in the quarterly rental charge. The apartments are within a short distance of all campus buildings.

Requirements and Responsibilities

Wright State University makes a strong effort to create and maintain an atmosphere in student residences that is conducive to academic achievement. All undergraduate resident students are expected to complete a minimum of thirty (30) academic credits per year and maintain a 2.0 or higher grade point average. All graduate resident students are expected to complete a minimum of twenty-four (24) academic credits per year. Students not meeting these minimum standards and still desiring university housing may petition for exception to the Resident Life Advisory Committee.

The university imposes minimal restrictions on resident students because it is confident of their abilities to recognize individual responsibilities in a social setting and to respect the rights of others. Only students of the same sex may share any residence unit.

Student Housing and Food Service at Wright State

Wright State University provides housing for 332 students in a modern residence hall and for 288 students in a new apartment community. Students who are interested in these housing facilities must apply for a student residence lease, indicating their preferences for the particular location they want. Fall quarter applicants who live further than 25 air miles from the campus and who apply before March 1 will receive priority over applicants within the 25 mile distance. Contracts are issued after March 1 and by date of application for first-preference facilities until filled, then second-preference facilities, etc.

Food service facilities are available to all WSU students in the University Center, Millett Hall, and Allyn Hall. Food items may be purchased on a cash basis or via a quarterly meal plan that provides nineteen meals per week. The 1984-85 meal plan is mandatory for all Hamilton Hall first and second year residents in the fall, winter, and spring quarters; it is optional for third and fourth year Hamilton Hall residents and all University Apartment residents.

Costs

The quarterly room, apartment, and meal plan fees for the 1984-85 academic year are as follows:

Residence Facilities

Hamilton Hall double room space	\$524
Hamilton Hall triple room space	488
Apartment two-bedroom unit space	572
Apartment studio unit space	687
Meal plan	350

A security deposit of \$75 must be included when a student returns the student residence lease to the university. Students receive residence and food service billings quarterly, approximately one month before the beginning of each quarter. MasterCard and VISA accounts may be used for the payment of all university bills.
